

THILINA OSHAN

Kalutara , Sri Lanka • +94 719153289 • thilinaoshandemel@gmail.com

SUMMARY

I am a passionate Software developer with a solid foundation in frontend and backend technologies, including React, Java, PHP, and modern web standards. I enjoy building efficient, user-centric applications and tackling complex coding challenges. Always eager to learn new technologies and contribute to scalable Software solutions.

WORK EXPERIENCE

Solana It

Mar 2024 - Jun 2025

- Built scalable and maintainable frontend architectures by writing clean, modular code with React and HTML5, while optimizing page load speeds and maintaining cross-browser compatibility.

Sri Lanka Port Authority

Jun 2024 - Dec 2024

- Engineered an intuitive Student Management System dashboard that streamlines administrative tasks by providing efficient data filtering, searching, and real-time visualization of student information.
